ansto

Nuclear-based science benefiting all Australians

Conference Presentation

2006

1. Twining, J., Gibson, J., Fischer, M., Stone, D., Stuart-Williams, H. and Keitel, C., 2006: 'Patterns of water isotope fractionation in soil, stems and leaves across diurnal periods in a Eucalypt forest in south-eastern Australia',. *Craig-Gordon Workshop, Pisa 3-7 May 2006*, 193-196.
2. Williams, A.G., Chambers, S., Zahorowski, W., Kuo, E., Sisoutham, O., Werczynski, S., and Boyd, A., 2006: 'Vertical radon measurements in the boundary layer as a tool for quantifying mixing and exchange processes and evaluation of climate models', *Geophysical Research Abstracts, Vol. 8, EGU06-A-05419* (presented at the EGU General Assembly 2006, Vienna, Austria 2-7 April 2006).
3. Zahorowski, W., Chambers, S., and Williams, A.G., 2006: 'Radon-222 as a tracer of atmospheric transport phenomena on different spacial and temporal scales.' 15th Pacific Basin Nuclear Conference, Sydney, 15-20 October 2006 (oral presentation delivered).
4. Chambers, S., Williams, A.G., and Zahorowski, W., 2006: 'Hourly vertical radon-222 gradient estimates from a 50m tower at Lucas Heights'. Abstract book of the Cape Grim Baseline Atmospheric Pollution Station Annual Science Meeting 2006, p.18. Paul Krummel, Nada Derek and Jill Cainey (Eds). CSIRO Marine and Atmospheric Research Hobart, Tasmania, 23-24 November 2006.
5. Zahorowski, W., Chambers, S., Crawford, J., and Werczynski, S., 2006: 'Radon-222 observations in the Cape Grim baseline sector in 2001-2005'. Abstract book of the Cape Grim Baseline Atmospheric Pollution Station Annual Science Meeting 2006, p.5. Paul Krummel, Nada Derek and Jill Cainey (Eds). CSIRO Marine and Atmospheric Research Hobart, Tasmania, 23-24 November 2006.
6. Zahorowski, W., Chambers, S., Werczynski, S., and Crawford, J., 2006: 'Analysis of radon-222 observations in the Cape Grim mainland sector in 2001-2005'. Abstract book of the Cape Grim Baseline Atmospheric Pollution Station Annual Science Meeting 2006, p.17. Paul Krummel, Nada Derek and Jill Cainey (Eds). CSIRO Marine and Atmospheric Research Hobart, Tasmania, 23-24 November 2006.
7. Zahorowski, W., Cohen, D., Chambers, S., Stelcer, E., Button, D., Werczynski, S., and Sisoutham, O., 2006: 'A network of collocated radon-222 detectors and fine particle samplers in the greater Sydney region and Cape Grim'. Abstract book of the Cape Grim Baseline Atmospheric Pollution Station Annual Science Meeting 2006, p.19. Paul Krummel, Nada Derek and Jill Cainey (Eds). CSIRO Marine and Atmospheric Research Hobart, Tasmania, 23-24 November 2006.

8. Cendón D.I., Playà E., Chivas A.R., Travé A., Wyndham T., García A., Hankin S.I. (2006). The Gulf of Carpentaria, Australia, at ~70 ka: Isotopic, trace and REE constraints. 9th Australasian Environmental Isotope Conference, Adelaide (Australia), Abstracts p.65-66.
9. Cendón D.I., Graham I., Price E., Hankin S. and Chivas A.R. (2006). Hydrogeochemistry of modern streams in the Riversleigh area (QLD-Australia): Relationship with local carbonate lithologies-preliminary results. Abstract, Riversleigh 2006 Symposium (UNSW): 15.
10. Hughes, C.E., Glamore, W., Yatim, S., Szymczak, R., Twining, J.R. and Lubis, A. (2006) Field scale coastal zone radiotracer applications conducted under IAEA/RCA projects. In, *Proceedings of the Tracer 06 Conference* (France, Oct '06), pp.8.
11. Waring C.L., Lee G., Collins E., Hankin S.I., Cendón D.I. (2006). An isotopic approach to hydrological mass balance in the Nattai river catchment (SE, NSW), 2. Rain, groundwater and stream sulfate ^{35}S , $\delta^{34}\text{S}$, $\delta^{18}\text{O}$, $\Delta^{17}\text{O}$. 9th Australasian Environmental Isotope Conference, Adelaide (Australia), Abstracts p.135-136.
12. Hughes C., Mazumder D., Gibson J.J., Szymczak R., Cendon D.I., Hollins S. and Waring C. (2006). Use of stable isotopes in Sydney catchment process and water quality studies. In, *Proceedings of the Enviro '06 Conference* (Melbourne, May '06). ISBN 0-9775223-0-X – paper # e6266.
13. Szymczak, R., Twining, J., Hollins, S., Mazumder, D. & Creighton, N. (2006). A combined multidisciplinary kinetic modeling approach for determination of coastal ecosystem contaminant fluxes. In, CD-ROM *Proceedings of the 16th Annual Goldschmidt Conference* (Melbourne, Aug-Sept '06), S11-5-2.
14. Mazumder, D. Szymczak, R. Saintilan. N and Williams, R. J. (2006). Trophic linkages in estuarine food webs. In, *Proceedings of the Coastal Saltmarshes: recent techniques in protection, creation and rehabilitation* (Sydney, March 2006), p. 38.
15. Mazumder, D., Williams, R. J., Szymczak, R., Reid, D., and Saintilan, N. (2006). Variability of stable isotope ratios of mangrove glassfish (*Ambassis jacksoniensis*) from southeast Australia and the implications for ecosystem studies. In, Abstracts of the 1st International Symposium on Mangrove as Fish Habitat, Rosenstiel School of Marine and Atmospheric Science (RSMAS), University of Miami, Florida, USA. P-36
16. Szymczak, R., Twining, J., Hollins, S., Hughes, C., Mazumder, D. and Creighton, N. (2006). A Kinetic Approach for Determination of Coastal Ecosystem Contaminant and Energy Fluxes Underpinned by Nuclear and isotopic techniques, In, *Abstracts of the Catchments to Coast - The Society of Wetland Scientists 27th International Conference and the Australian Marine Sciences Association Annual Meeting* (Cains, July 2006), p. 106.
17. Mazumder, D., Szymczak, R., Saintilan, N., and Williams, R. J. (2006). Evaluating the trophic linkage in mangrove-based food webs using stable isotope of carbon and nitrogen. In, Abstracts of the 1st International Symposium on Mangrove as Fish Habitat, Rosenstiel School of Marine and Atmospheric Science (RSMAS), University of Miami, Florida, USA. P-37.
18. Mazumder, D., Szymczak, R., Saintilan, N. and Robert J. Williams, R.J. (2006). Linking coastal habitats with estuarine food webs: A stable isotopic investigation. In, *Abstracts of the Catchments to Coast - The Society of Wetland Scientists 27th International Conference and the Australian Marine Sciences Association Annual Meeting* (Cains, July 2006), p. 83.

19. Szymczak, R., Twining, J., Hollins, S., Mazumder, D. and Creighton, N. (2006). A combined multidisciplinary kinetic modeling approach for determination of coastal ecosystem contaminant fluxes. In, *CD-ROM Proceedings of the 16th Annual Goldschmidt Conference* (Melbourne, Aug-Sept '06), S11-5-2.
20. Szymczak, R., Twining, J., Hollins, S., Hughes, C. Mazumder, D. and Alquezar, R. (2006). Nuclear and isotopic techniques underpinning probabilistic ecological risk analysis in coastal marine systems. In, *Abstracts of the 15th Pacific Basin Nuclear Conference* (Sydney, Oct '06), ISBN 1 877040 57 6, p. 275.
21. Cendón D.I., Pueyo J.J., Ayora C., Taberner, C. Peryt, T. (2006). Sulfate starved subbasins: Implications for Permian seawater composition. *Geochimica et Cosmochimica Acta* 70(18): A91, pp 13.
22. Gibson J.J., Sadek M.A., Stone D.J.M., Hughes C., Hankin S., Cendón D.I. and Hollins S.E. (2006). Stable isotope tracing of water exchange along a dryland river. *Geochimica et Cosmochimica Acta* 70(18): A201, pp 15.
23. Cendón D.I., Playà E., Chivas A.R., Travé A., Wyndham T., García A., Hankin S.I. (2006). The Gulf of Carpentaria, Australia, at ~70 ka: Isotopic, trace and REE constraints. 9th Australasian Environmental Isotope Conference, Adelaide (Australia), Abstracts p.65-66.
24. Szymczak, R. (2006). Combining ecosystem-based models for contaminant fate and behaviour studies in temperate coastal estuaries utilising nuclear and isotopic techniques. In, *Proceedings of the 2006 Qingdao Symposium on Marine Pollution Monitoring and Assessment*, (China, Dec '06), p. 25.
25. Szymczak, R (2006). Development and Application of Coastal Ecosystem Contaminant Management Tools Utilizing Nuclear and Isotopic Techniques. In, *Proceedings of the PEMSEA 2006 East Asian Seas Congress - Plenary Paper* (China, Dec '06), # T7-3-01.
26. Arman Lubis, A.A., Aliyanta, B., Hughes, C. and Szymczak, R. (2006). Historical Record of heavy Metals in Jakarta Bay, Indonesia derived from ²¹⁰Pb Profiles. In, *Proceedings of the PEMSEA 2006 East Asian Seas Congress* (China, Dec '06), # T7-3-02.
27. Hughes, C., Lubis, A.A., Glamore, W., Szymczak, R. and Twining, J (2006). Hydrodynamic Model and Radioisotope Tracer Study to Predict Contaminant Transport for Ecological Risk Assessment of Jakarta Bay, Indonesia. In, *Proceedings of the PEMSEA 2006 East Asian Seas Congress* (China, Dec '06), # T7-3-03.
28. Mazumder, D., Szymczak, R., Saintilan, N. and Williams, R. J. (2006). Linking coastal habitats with estuarine food webs: A stable isotopic investigation. In, *Abstracts of the Wetland Education and Training (WET) Programs on Coastal Biodiversity*, Sydney Olympic Park Authority, Sydney, Australia. P-39.
29. Hughes, Waring, Hankin, Stone, Dongen, Fischer and Gibson (2006). An isotopic approach to hydrological mass balance in the Nattai River Catchment NSW – Rainfall and runoff $\delta^{18}\text{O}$, $\delta^2\text{H}$. 9th Australasian Environmental Isotope Conference, Adelaide, Abstracts, p. 27-28.
30. Waring, Stepanyants, Hankin & Airey (2006). Measurement of hydraulic conductivity, porosity and lithology by neutron activation borehole logging at high spatial resolution increments. 9th Australasian Environmental Isotope Conference, Adelaide, Abstracts, p. 177-178.
31. Cendón D.I., Graham I., Price E., Hankin S. and Chivas A.R. (2006). Hydrogeochemistry of modern streams in the Riversleigh area (QLD-Australia): Relationship with local carbonate lithologies-preliminary results. Abstract, *Riversleigh 2006 Symposium* (UNSW): 15.
32. Graham I., Price E., Cendón D.I, and Woodhead J. (2006). Understanding Riversleigh's geology: What we know in 2006, and where to next. Abstract, *Riversleigh 2006 Symposium* (UNSW): 17.
