

BRIGHT – MX3 Beamline First Users

Thursday 26th June saw the First Official Experiment on MX3 by the research group of Prof. Michael Parker (St Vincent's Institute, Melbourne University & Bio21).

Foreground: First Users of the MX3 Beamline

Background: Core members of the MX3 Build Team

First results from Day 1 of operations

“Happy users & happy staff - a testament to the hard work and dedication of everyone involved in the MX3 Project.” *Rachel Williamson – Beamline Group Manager, Crystallography*
