

SENATE ORDER ENTITY CONTRACTS  
JUNE 2025

Pursuant to the Senate Order on entity contracts the following table sets out contracts entered into by the Australian Nuclear Science and Technology Organisation Group, which provide for a consideration to the value of \$100,000 or more (GST inclusive) and which:

- 1. Have not been fully performed as at 30 June; or
- 2. Have been entered into during the 12 months prior to 30 June 2025.

Most of the contracts listed contain confidentiality provisions of a general nature that are designed to protect the confidential information of the parties that may be obtained or generated in carrying out the contract. The reasons for including such clauses include:

- 1. Ordinary commercial prudence that requires protection of trade secrets, proprietary information and the like; and/or
- 2. Protection of other Commonwealth material and personal information.

Given that ANSTO operates on a commercial basis, commercially sensitive information for contracts included in this report has been omitted. Some contracts have not been included if disclosure would be contrary to public interest, contrary to statutory secrecy provisions, or contrary to the Privacy Act.

Assurance has been provided by the entity head that, for the contracts listed, they do not contain confidentiality provisions which were, considered in the full circumstances, inappropriate

The value is in AUD unless otherwise stated.

Estimated cost of compiling this order: \$3,630.

Method used to estimate the cost: Extrapolation from prior reporting which involved applying salary and on-costs to the number of hours spent by staff across various classifications to collect and analyse the information.

Other Party Name	Subject Matter	Amount of Consideration	Start Date	End Date	Does the Contract contain provisions requiring the parties to maintain confidentiality of any of its terms	Reason	Does the contract contain provisions that makes specific (identified) information obtained or generated in carrying out the contract confidential	Reason
